

## All the Good Ones

Weezer

I met her buyin' iced tea at the corner mini mart  
She was thirsty, I was hungry for a start  
With somebody who wouldn't break my heart  
Like the last one, but this one  
She plays for all the marbles  
Her Nietzsche books are conversation starters  
And damn, I think I loved her from the first sight  
I saw the light  
The clouds opened up, rest in peace, good night

All of the good ones are gone (Where did you come from?)  
All of the good ones are gone (Where did you come from?)  
I'm blown away and I don't even know her name  
All of the good ones are gone (Where did you come from?)

Rock and roll sounds better in the car  
I just love the way she plays guitar  
When she dives down on the whammy bar  
She'll be stuck on repeat, repeat in my head  
Got me checkin' my pulse, makin' sure I'm not dead  
Oh yeah

All of the good ones are gone (Where did you come from?)  
All of the good ones are gone (Where did you come from?)  
I'm blown away and I don't even know her name  
All of the good ones are gone (Where did you come from?)

I thought all of the good ones are gone  
All of the good ones are gone (Where did you come from?)  
I'm blown away and I don't even know her name  
All of the good ones are gone (Where did you come from?)

All of the good ones are gone (Where did you come from now, baby?)  
All of the good ones are gone (All alone, feelin' so alone now)  
All of the good ones are gone (We could play Family Feud)  
All of the good ones are gone (So where did you come from?)  
Yeah
