

# Blue Like Jazz

Weezer

Smoke curls from your gloves  
The sweat drips off the drums

Hats off to you  
You solved the Rubik's Cube  
Turning the orange into yellow into blue

Blue like jazz  
Blue like jazz  
Show me how to be cool like that

Blue like jazz  
Blue like jazz  
Show me how to be cool like that

Don't mind me I'm a little slow  
I can't play sixteenth notes

My mother's boy  
Learning his IOUs  
Don't have the huevos to attain goals like you do

Blue like jazz  
Blue like jazz  
Show me how to be cool like that

Blue like jazz  
Blue like jazz  
Show me how to be cool like that

My face is red  
Your bill is due  
I see your soul and it's black  
And it is black and it's

Blue like jazz  
Blue like jazz  
Show me how to be cool like that

Blue like jazz  
Blue like jazz  
Show me how to be cool like that

Blue  
Blue  
Blue  
Blue

Show me how to be cool like that
