

California Snow

Weezer

Walk soft with a big stick, woo
When I play guitar it's sick, woo
This is the definition of flow, woo
Nobody cold as this, woo

California snow, never let me go
California snow, never let me go (let me go)
'Cause I'm down (down, down)
Yes, I'm down if you're down
California snow, never let me go (let me go)

Back in thirty minutes, high as I can get it
Give me everything you got
I could move a mountain, solve a thorny problem
Lava's gonna flow so hot
Never worry 'bout tomorrow
'Cause I'm living for today
If you see a tear fall, don't worry 'bout me, y'all
This is what it's like on top

California snow, never let me go
California snow, never let me go (let me go)
'Cause I'm down (down, down)
Yes, I'm down if you're down
California snow, never let me go (let me go)

Never go against the family
All I ever have to do is sing
Never go against the family
When the root is strong, the fruit is sweet
Did you ever get to be a child?
Shake it up until it hurts
Panic attack, stay the hell back
It's me and you against the world

Come on, Judas, give me a kiss, woo
I can't take no more of this, woo
Don't nobody look at me, woo
And nail me up by the wrists, woo

California snow, never let me go
California snow, never let me go (let me go)
'Cause I'm down (down, down)
Yes, I'm down if you're down
California snow, never let me go (let me go)

(Woo)
