# It's Easy

**Weezer**

Let's not be mean to each other
There's no need for name callin'
There's no need for chain ballin'
Let's be nice, babe, it won't kill us

Let's just be kind to each other
There's no need to argue further
There's no need a chain of order
Let's be nice, babe, it won't kill us

I caught you, I called you on it
You lied to me, you lied all about it
Give it time, give it up
Draw the line, raise the cup
It's easy (Easy)
Not to be mean

Let's work it through and discuss it
There's not need for the cussin'
There's no use for ballbustin'
Let's be nice, babe, it won't kill us, oh

I caught you, I called you on it
You lied to me, you lied all about it
Give it time, give it up
Draw the line, raise the cup
It's easy (Easy)
Not to be mean

I caught you, I called you on it
You lied to me, you lied all about it
Give it time, give it up
Draw the line, raise the cup
It's easy (Easy)
Not to be mean

...time, give it up
Draw the line, raise the cup
It's easy (Easy)
Not to be mean
It's so easy (Easy)
So easy (Easy)
So easy (Easy), yeah
So easy (Easy)
