

## Seafaring Jamb

Weezer

Everybody don't make me laugh  
'Cause it's not so insane  
In the morning it comes to pass  
And there's no one to blame

I'll tell you my weakness

And if you knew the things I've seen  
Then you'd have to believe  
In the spirits above the sand  
And the man in the tree

I'll tell you my weakness

And if you like it there  
I'll be most everywhere  
Tell me to stay  
Need me to stay

I'll tell you my weakness

And if you like it there  
I'll be most everywhere  
Tell me to stay  
Need me to stay

And if you knew the things I've seen  
Then you'd have to believe  
Then you'd have to believe  
Then you'd have to believe
