

OVERDRIVE

WEi

Watching the news on TV
It's got me looking for a way up, I'm looking way up
Tumblin' down as the world's spinnin'
'Round and around and around (Woah-oh-oh-oh)
Guess I need you here with me, company likes misery
When I'm with you, with you, with you
Yes, I always knew you'd be sobered up for you and me
What can I do? (Yeah), 'Cause I just really wanna waste time

You wanna be in love
And you're looking for a heartthrob, yeah
I wanna be the one, make you feel like
Lovers, lovers, lovers (What do you say, let's)

Live again in overdrive
'Cause I'm beggin', I'm beggin' for more
This time, I'm gonna feel alive
You got me livin' life, I'm livin' life
Baby, tell me, I gotta know, gotta know
If you would like to run to the end of the world
You gotta tell me "yes" 'cause I don't need a "no"
Thank God you got me livin' life, livin' life in overdrive

It ain't easy, oh, no
We all feelin' solo
Lookin' for meaning
Let go, and know, that we ain't feelin' stuck no more
If you got problems, gotta step away (Woah-oh-oh)
You break your head but there's a better way (Better way)
Can't see the light, but with you it's alright
Make me feel like I'm flying
'Cause I just really wanna waste time

You wanna be in love (Wanna be in love)
And you're looking for a heartthrob, yeah (Heartthrob)
I wanna be the one, make you feel like
Lovers, lovers, lovers (What do you say, let's)

Live again in overdrive
'Cause I'm beggin', I'm beggin' for more (Overdrive, yeah)
This time, I'm gonna feel alive
You got me livin' life, I'm livin' life
Baby, tell me, I gotta know, gotta know
If you would like to run to the end of the world
You gotta tell me "yes" 'cause I don't need a "no"
Thank God you got me livin' life, livin' life in overdrive

Sometimes, I try to be everything
But I wonder now, yeah
Would it be better if once in a while
I let go, I let it all go?
I got no fear (Ooh-ooh)
All disappeared (Ooh-ooh)
'Cause you put me on the right track
And you made me come alive

Woah, ooh-woah, ooh-woah-ooh-woah

Oh, yeah, babe, woah, yeah
Woah, ooh-woah, ooh-woah-ooh-woah
You got me livin' life, I'm livin' life (So baby, let's go)

Live again in overdrive
'Cause I'm beggin', I'm beggin' for more (Beggin' for more)
This time, I'm gonna feel alive (Yeah, yeah)
You got me livin' life, I'm livin' life
Baby, tell me, I gotta know, gotta know (I gotta know)
If you would like to run to the end of the world
You gotta tell me "yes" 'cause I don't need a "no" (Need to know)
Thank God you got me livin' life, livin' life in overdrive
