

# Bedrock Anthem

"Weird Al" Yankovic

Sometimes I feel  
Like I need a vacation  
Sometimes I feel  
Like I wanna go  
To the city of cavemen  
The city of Bedrock  
I'd be a Flintstone  
Now I'll tell you why...

Well, I've got I've got a woman named Wilma  
Well, I've got I've got a baby named Pebbles  
Well, I've got I've got a doggy named Dino  
We do a little bowling and we drink a little vino

Well, I've got a little buddy, Barney Rubble  
Got a neighbor by the name of Barney Rubble  
He's a midget but he makes a lot of trouble  
Doesn't like to shave, he got caveman stubble

Me and Barney, Loyal Order Water Buffalo  
Lodge brothers, Loyal Order Water Buffalo  
There's a handshake everybody gotta know  
How come grand Poo-Bah always gotta run the whole show?

Yabba dabba, yabba dabba dabba doo now  
Yabba dabba, yabba dabba dabba doo now  
Yabba dabba, yabba dabba dabba doo now  
I get by on all my prehistoric knowhow

Betty and Barney got a baby named Bamm-Bamm  
Little Pebbles is his number one fan  
He's the strongest toddler in the whole land  
Tear your arm off if he shakes your hand

Got a car, gonna push it with my feet now  
Gonna take my family out to eat now  
Jumbo ribs at the drive-in can't be beat now  
Made from brontosaurus, baby, not a moo-cow

Wanna chill with a Sabretooth Tiger  
Wear a loincloth, natural fiber  
Be the first Rolling Stone subscriber  
Got a pterodactyl for a windshield wiper

Yabba dabba, yabba dabba dabba doo now  
Yabba dabba, yabba dabba dabba doo now  
Yabba dabba, yabba dabba dabba doo now  
Don't know what it means but I say it anyhow

Lucky me, workin' down in the gravel pit  
Movin' rocks, on a big dinosaur I sit  
Mr. Slate gets mad and he throws a fit  
Pull the birdie's tail, everybody knows it's time to quit

I realize I'm living in the Stone Age  
No fax, no cellular phone age  
Pick my teeth with a dinosaur bone age

Liftin' heavy boulders every day for my wage

Barney Rubble, laughin' like a hyena  
Barney Rubble, what a little wiener  
Where's Wilma? Anybody seen her?  
Got a baby elephant vacuum cleaner

Yabba dabba, yabba dabba dabba doo now  
Yabba dabba, yabba dabba dabba doo now  
Yabba dabba, yabba dabba dabba doo now  
Yabba dabba, yabba dabba dabba doo now
