It flows through my blood, the temper of my cold body
Never a single error, that's the type of person I am
The strong lights on me, there's no use
It'll be hard to break me down

I'm gonna live like this, maybe I have OCD
But I like to live like this, I say it like it is

It's a given, what can I do?
How can everyone be the same? I'm gonna be me
What's the use of sweet talk? I'm different
Now I'm walking on my path

A person like me, I live like a metronome
In the same time, I'll be different
A person like me, I live like a metronome
I live I live like like like like a metronome
I live I live like like like like

Can you hear it? The sound of the clock ticking inside of me

I'm very strict, to the point where it's cruel

I'm gonna live like this, maybe I have OCD
But I like to live like this, I say it like it is

It's a given, what can I do?
How can everyone be the same? I'm gonna be me
What's the use of sweet talk? I'm different
Now I'm walking on my path

A person like me, I live like a metronome
In the same time, I'll be different
A person like me, I live like a metronome
I live I live like like like like a metronome
I live I live like like like like

My body's reaction is different
You can't dare to change me
Yeah because I love it
Yeah because I love it
Yeah because I love it

A person like me, I live like a metronome
In the same time, I'll be different
A person like me, I live like a metronome

I live I live like like like like a metronome
