# Good Pushing

**Wellwater Conspiracy**

You're close to all over the floor (?)
Pumped up and ready you say (?)

The pain of good pushing
Tugging on the brains
Makes you restless
Do it all again
The blood in you (?)

All over nothing
Over nothing

You do your dance across the floor
Make sure to open all the doors
Just an inch to the left it's not - (?)
Then I feel like giving you some more
Of the pain of good pushing

I touched the place that you adore
From the blackest stupid to ignore (?)
That's when I'm giving you some more
Of the pain
Of good pushing

All over nothing
