Wellwater Conspiracy

Unwind holding back
Their unknown where it rolls
But I know

Would her eyes for the killing
It wasn't that I couldn't live
Cursing me in this way

Time's escaping time
Time's escaping time
Who is young
Who is you

Would her eyes for the killing
It wasn't that I couldn't live
Cursing me in this way

Now I'd give to own
What it is to know

Now I'd give to own
What it is to know

Time's escaping time
Who is young
Who is young
Who is you

Would her eyes for the killing
It wasn't that I couldn't live
Cursing me in this way

In this way
