

Are You Lonely

Welshly Arms

Are you lonely?
Are you lonely just like me?
Everybody
Everybody looking for someone

Are you faded?
Are you faded just like me?
I'm getting tired
Tired of always waiting for someone

So hello
Does anybody talk anymore?
Does anybody talk anymore?

We're only fun when we're wasted
We only laugh when we're stoned
And every morning we wake up
And we feel so alone
So tell me how did we get here
With strangers we used to know?
In the morning we wake up
And we feel so alone
Does anybody talk anymore?

Am I crazy?
Am I crazy to believe we can change?
Yeah, we can change if we wanted to

So hello
Does anybody talk anymore?
Does anybody talk anymore?

We're only fun when we're wasted
We only laugh when we're stoned
And every morning we wake up
And we feel so alone
So tell me how did we get here
With strangers we used to know?
In the morning we wake up
And we feel so alone

Hello
Does anybody talk anymore?
Does anybody talk anymore?
Does anybody talk anymore?
Ooh oh
I feel so alone

We're only fun when we're wasted
We only laugh when we're stoned
In the morning we wake up
And we feel so alone
So tell me how did we get here
With strangers we used to know?
In the morning we wake up
And we feel so alone

We're only fun when we're wasted
We only laugh when we're stoned
And every morning we wake up
And we feel so alone

Does anybody talk anymore?
Does anybody talk anymore?
Does anybody talk anymore?
Does anybody talk anymore?
