

# Dangerous

## Welshly Arms

(Feelin' dangerous)  
(Feelin' dangerous)

Open my eyes  
Swallow my pride  
'Cause I don't want to live in regret  
We ride or we die  
And I don't wanna waste any time  
'Cause I'm standin' with my foot on the edge

Pain ain't gonna stop me  
I can't taste the fear  
My demons come to haunt me  
But I'm already there

I'm feelin' dangerous  
I'm lookin' right in the face of it  
I've been through hell came back alive  
You can tell 'em all that I  
Know what danger is  
I'm feelin' dangerous

Wicked don't sleep  
They got hunger like me  
It's the rush of blood that keeps me awake  
Like a shot through my veins  
Gasoline to the flame  
No fire could ever keep me away

Pain ain't gonna stop me  
I can't taste the fear  
My demons come to haunt me  
But I'm already there

I'm feelin' dangerous  
I'm lookin' right in the face of it  
I've been through hell came back alive  
You can tell 'em all that I  
Know what danger is  
I'm feelin' dangerous

(Feelin' dangerous)  
(Feelin' dangerous)  
I'm feelin' dangerous

I'll stare it dead in the eyes  
I've never been so alive  
If I'm not afraid  
You should be afraid

'Cause I'm feelin' dangerous  
I'm lookin' right in the face of it  
I've been through hell came back alive  
You can tell 'em all that I  
Know what danger danger is  
I'm feelin' dangerous

(Feelin' dangerous)  
(Feelin' dangerous)  
I've been through hell came back alive  
You can tell 'em all that I  
Know what danger is  
I'm feelin' dangerous
