

Find My Way Home

Welshly Arms

Layin' with the lights down low
I still got a ways to go
But I'm running outta time
Life is such a windin' road
I know it's what I wanted though
Now I'm just out here tryin' to find

Find my way home
Find my way home
I will find my way home
Find my way home
I will find my way home

Won't somebody wake me up
Dreamin' bout the days to come
When I don't have to feel so alone
Daylight breaking up ahead
I know that I'm not there yet
But I will fight till my last breath

Just to find my way home
Find my way home
I will find my way home
Find my way home

Almost broke me when
I felt my heartbeat slippin' but I keep
Holding on to the one thing I know
I will find my way home

Leave the light, leave the light on
Just leave the light, leave the light on
Until the shadow are all gone
Just leave the light, leave the light on

Cause I don't want to be here on my own
I need somebody to help me so
Just leave the light, leave the light on
And I'll find my way home

I will find my way home
I will find my way home, find my way home
I'll find my way home, find my way home

I will find my way home
Find my way home
