

Get It Started

Welshly Arms

Hey
Time to wake up
Let's go and make up
For lonely days

Oh
Let it take us
So contagious
In all the right ways

We could go and kick it down the road
Pick it up it's last call
Ain't no other place like home
We can let it all go

Nothin' but static
No it don't hurt at all
Manic, Fanatic
We're crawling up the wall
All together now

Let's get it started
All together now

Yeah
Like it like that
Bring it on back
And it turn up loud

Oh
You can feel it
So mysterious
It's in the air now

We could show up later down the road
Pick it up for last call
Ain't no other place like home
We could let 'em all know

All together now
Let's get it started
All together now
Let's get it started
All together now

Nothin' but static
No it don't hurt at all
Manic, Fanatic
We're crawling up the wall
All together now

Let's get it started
Let's get it started
All together now
