

I Surrender

Welshly Arms

I've been standing
On my own ground
Won't let nothin'
Come and hold me down
What does happiness mean
If there's chains on your feet?
Oh oh oh

I've had love
And love I've lost
But I never really felt too much
But if I can be honest
You're makin' me want this
Oh oh oh

I'm so tired
Cause this desire
Just keeps making my poor heart so weak

And now I'm fallin'
You got me crawlin'
Cause your love got me down on my knees

I surrender
Now I am yours
I surrender
You know I can't fight it no more
I surrender

I'm bruised and broken
My heart is torn
I want my freedom
But I want you more
I don't know how you did it
But please don't you quit it
Oh oh oh

Under pressure
I'm overwhelmed
There ain't nothin' gonna save me now
I'm right here if you want me
You know that you got me
Oh oh oh

I'm so tired
Cause this desire
Just keeps making my poor heart so weak

And now I'm fallin'
You got me crawlin'
Cause your love got me down on my knees

I surrender
Now I am yours
I surrender
You know I can't fight it no more
I surrender

You know I'm telling you I'm yours yours yours
I can't fight it no more
I can't fight it no more

I'm so tired
Cause this desire
Just keeps making my poor heart so weak

And now I'm fallin'
You got me crawlin'
Cause your love got me down on my knees

I surrender
Now I am yours
I surrender
You know I can't fight it no more
