

Indestructible

Welshly Arms

Eyes lock with yours, my head distorts
You pull me in then turn to a ghost
And now you got me like, frozen in headlight
Soft, golden skin, kiss like heaven
You're an open door but you won't let me in
And now you got me like, and now you got me like
Oh, oh, oh, why you gotta' be so

Indestructible
A fire in your bones
Nothing can touch you
Why you gotta, why you gotta,
Why you gotta be so... indestructible?
With a heart that's made of stone
And nothing can break you
Why you gotta' be so indestructible?
(Indestructible)

You're my blood rush, just out of touch
Kills me inside but I feel so alive
And now you got me like, and now you got me like
I'm flashing like a red light
But you know I'm gonna keep trying
(Oh, oh, oh, why you gotta' be so)

Indestructible
A fire in your bones
Nothing can touch you
Why you gotta, why you gotta,
Why you gotta be so... indestructible?
With a heart that's made of stone
And nothing can break you
Why you gotta' be so indestructible?
(Indestructible)
(Indestructible)

Standing in the cold
It's more than physical
Now I don't wanna let you go
I don't wanna let you go
Standing in the cold
It's more than physical
I don't wanna let you go
I don't wanna let you go, oh

Indestructible
A fire in your bones
Nothing can touch you
Why you gotta, why you gotta,
Why you gotta be so... indestructible?
With a heart that's made of stone
And nothing can break you
Why you gotta' be so indestructible?
Oh, indestructible
Oh, oh, indestructible
Hey, yeah, indestructible
Oh, oh, indestructible
