

## Three Dark Days

Welshly Arms

Three dark days  
Three dark days  
Three dark days since they locked me away  
It's been three dark days

Cold as hell  
Cold as hell  
It's been cold as hell in my lonely cell  
It's cold as hell

Change my ways  
Change my ways  
They told me I could leave soon if I change my ways  
It's been three dark days

I'm coming home  
I sure can't stay here
