

## We Move Easy

### Welshly Arms

We're like the trees in the wind  
Where the water bends  
We move easy  
Oh you please me

Press those sweet lips  
Up to my ear  
Tell me softly  
Why you're still here  
Put your cold hands  
All over me  
Help me wake up  
From my bad dreams

We're like the trees in the wind  
Honey, where the water bends  
We move easy  
Oh so freely

I've been waiting  
This whole time  
To hear you tell me  
That you are mine  
If we don't break this silent stare  
Then I can't leave baby, I can't go anywhere

We're like the trees in the wind  
Honey, where that water bends  
We move easy  
Oh so easy  
We're like the trees in the wind  
Baby, where that water bends  
We move easy  
Back and forth just like the breeze baby

We're like the trees in the wind  
Honey, where the water bends  
We move easy  
Oh so easy

Understand this  
Before you go  
There ain't nothing  
That's left to know  
Girl you move me  
I move you too  
Only one thing  
That's left to do

We're like the trees in the wind  
Honey, where the water bends  
We move easy  
Oh just like the breeze baby  
We're like the trees in the wind  
Honey, where that water bends  
Oh we move easy  
Back and forth

Back and forth  
We're like the trees in the wind  
Honey, where the water bends  
Oh we move easy  
Easy, easy, easy

We're like the trees  
We're like the trees in the wind yeah
