Fall into the sunkiss

I'd break the wall  
A light that awakens the dawn  
Chasing the scent, reaching that sky  
Greeting you, mm  
Mirror, mirror, how could I rise so bright?  
Embracing your voice that drifted to me  
Blooming and reaching the light, mm

Clear away the noise of the pitch-black city  
Let them leave before breakfast but stay in their heads  
I'll ignite flames resembling flower petals  
Only if I could catch you, I

Fly up, I'll kiss you in that red light  
A dazzling color that blooms and shines  
Brilliantly spreading, the blue horizon  
Though it's incredibly unfamiliar  
I've been waiting for you

Fall into the sunkiss, oh  
Run into the sunkiss, oh  
Beyond the border  
I'll embrace you fearlessly  
Fall into the sunkiss

Your warmth in the transparent light  
Dye and fill in the faded colors  
Turned all my yeses to gold  
Even when I'm out of breath sometimes  
Even if a rough tsunami swallows me  
I don't give up, I'll clash with all my might  
Only if I could hold you, I

Fly up, I'll kiss you in that red light  
A dazzling color that blooms and shines  
Brilliantly spreading, the blue horizon  
Though it's incredibly unfamiliar  
I've been waiting for you

Fall into the sunkiss, oh  
Run into the sunkiss, oh  
Beyond the border  
I'll embrace you fearlessly  
Fall into the sunkiss

Fallin', fallin', fallin'  
For me, for me, for me  
Run into the sunkiss  
For me, for me, for me  
I spread more vividly

Where the sunlight falls  
I throw myself towards you with all my might

Stepping over seasons, a color that glows forever  
Brilliantly spreading, the blue horizon  
Though it's incredibly unfamiliar  
I've been waiting for you

Fall into the sunkiss, oh  
Run into the sunkiss, oh  
Beyond the border  
I'll embrace you fearlessly
