

# Cake

Wengie

When the alarm is my worst enemy  
And when the neighbor's singing out of key  
I remember you are here with me  
I forget it all so easily  
That's the icing on the cake  
Got no umbrella and it starts to rain  
My favorite shirt has got a coffee stain  
But I'll be seeing you today  
And all my problems fade away  
That's the icing on the cake

You got me feeling (ok)  
Better believe it (baby)  
You make a good thing even better  
Yeah, I need it  
You got me feeling (ok)  
Better believe it (baby)  
You make a good thing even better  
Yeah, I need it

That's the icing on the  
Cake cake cake cake  
Cake cake cake  
That's the icing on the  
Cake cake cake cake  
Cake cake cake

No I don't even like my favorite dress  
And when my skin is bad, my hair's a mess  
You remind me that I'm beautiful  
Before I put my makeup on  
That's the icing on the cake  
I gotta a million things that I should do  
And I should start by cleaning out my room  
But all I do is stay at home  
In my bed and on the phone  
That's the icing on the cake

You got me feeling (ok)  
Better believe it (baby)  
You make a good thing even better  
Yeah, I need it  
You got me feeling (ok)  
Better believe it (baby)  
You make a good thing even better  
Yeah, I need it  
That's the icing on the  
Cake cake cake cake  
Cake cake cake  
That's the icing on the
