

Ghost

Wengie

Ooh-ooh
Ooh-ooh

It was only one night, now you're giving me nightmares
Had me want it on sight, on sight now I'm living in denial
Hit me out the blue, yeah you came outta nowhere
I shoulda seen the clues, shoulda seen you would linger for a while

Insomnia
Every time that I sleep, every time that I sleep I dream of ya

I wish you would ghost
'Cause now all you do is haunt me
You come calling when I'm lonely (ooh-ooh-ooh)
I wish you would ghost
Use your spirit, mind, and body
Just to get me where you want me (ooh-ooh-ooh)
(I wish you would)

Lose my number, lose my feelings to the grave
(I wish you would)
Find another you can follow in my place
