

# This Christmas

Wengie

Oooh yea  
Imma do it my way, do it my way  
Imma do it my way, do it my way  
This Christmas we gon do it do it my way  
This Christmas yea I'm bringing out my own slay  
This Christmas will be different and that's okay  
Imma do it my way, do it my way  
Imma do it my way, do it my way

I no I don't need snow  
I just want you close  
Don't wanna "Jingle all the way"  
You can ring my bell though  
You keep your presents, don't really want 'em  
But I'll unwrap your cute little bottom  
Let's celebrate the holiday, little differently

No fire side  
No mistletoe  
No twinkle lights yeah  
Let's GO!

This Christmas we gon do it do it my way  
Tell Santa that I'm bringing out my own sleigh (slay)  
This Christmas will be different and that's okay  
Fuck tradition  
We'll make our own fun  
That's all I want  
This Christmas

Don't care for elves or candy cane  
Stocking stuffers are all the same  
Cause I've been bad for goodness sake  
Those ornaments; I want to break  
I don't want a tree, or Rudolf or frosty  
Hate red and green, yeah, they all can block me  
Let's celebrate the holiday  
Little differently

No fire side  
No mistletoe  
No twinkle lights yeah  
Let's go!

This Christmas we gon do it do it my way  
Tell Santa that I'm bringing out my own sleigh (slay)  
This Christmas will be different and that's okay  
Fuck tradition  
We'll make our own fun

Imma do it my way do it my way  
Imma do it my way do it my way  
Imma do it my way do it my way  
Let's celebrate the holiday  
Imma do it my way do it my way  
Imma do it my way do it my way  
Imma do it my way do it my way

Let's celebrate the holiday

This Christmas we gon do it do it my way
