

Trust Issues

Wengie

Who you on the phone with
It's 3 in the morning
Ear up to the door, I'm losing it

You say it's your mama
Disregarding karma
Thinking that you'll get away with this

If I got insecurities
Baby, it's cause you're hurting me
Lack of security
Like you do it purposely

Got insecurities
All because you're hurting me
You're hurting me, yeah

Boy you give me all these trust issues
Maybe it's because you got a few
Us issues
Lust issues
Love issues
Truth is that you got
Trust issues

Boy you give me all these trust issues
Maybe it's because you got a few
Us issues
Lust issues
Love issues
Truth is that you got
Trust issues

Must be a magician
How you go and flip it
Turn it upside down, make it my bad

You can say I'm crazy
But baby, you made me
Don't be so surprised when I react

If I got insecurities
Baby, it's cause you're hurting me
Lack of security
Like you do it purposely

Got insecurities
All because you're hurting me
You're hurting me, yeah

Boy you give me all these trust issues
Maybe it's because you got a few
Us issues
Lust issues
Love issues
Truth is that you got
Trust issues

Boy you give me all these trust issues
Maybe it's because you got a few
Us issues
Lust issues
Love issues
Truth is that you got
Trust issues
