

# BRAINDEAD

WesGhost

I got anxiety  
Please don't bother me  
I deal with it quietly  
Until the demons swallow me  
My therapist is telling me I probably should stop  
My dreams turned dark once I got to the top

Wake up in a panic on  
The phone with the doc  
He writes another script  
Another pill I can pop  
And it's hard to diagnose if  
You don't what I got  
I know the end is coming soon  
I think about it a lot

Suicidal thoughts in my head  
I'm the monster hiding under my bed  
These shadow always follows me  
I need a lobotomy  
To kill the noise until I forget  
I'm braindead

La da da da da da da da  
I'm braindead  
La da da da da da da da  
I'm braindead

I got my very last words  
On the tip of my tongue  
On the edge of the this building  
I swear I'm 'a jump  
I blame everybody around me  
For who I have become  
Swear the pain  
Like a drug  
The way it's keeping me numb

As I fall through the sky  
I'm looking at this life  
And what I'll leave behind

Suicidal thoughts in my head  
(Thoughts in my head)  
I'm the monster hiding under my bed  
(Under my bed)  
These shadow always follows me  
I need a lobotomy  
To kill the noise until I forget  
I'm braindead

La da da da da da da da  
I'm braindead  
La da da da da da da da  
I'm braindead

I'm braindead

La da da da da da da da

As I fall through the sky  
I'm looking at this life  
And what I'll leave behind
