

(3 words, I'm cursed, I'm alone now)

Made a song for ya, tore my heart out
Take the photographs, cut me out
Keep my mouth shut (Shh), I keep my head down
3 words, I'm cursed, I'm alone now
Made a song for ya, tore my heart out
Neighbors called the cops on me, 'cause it's too loud
With my eyes shut, I still hear the sound
3 words, I'm cursed, I'm alone now

(3 words, I'm cursed, I'm alone now)
(3 words, I'm cursed)

Tattoos, covered in tattoos
To hide the scars on her arms
I knew, deep down, I knew
We'd fall apart, you'd break my heart
(3 words, I'm cursed, I'm alone now)

Don't worry, I'll be fine
You were only the love of my life
I'll be here when you decide
That you should still be mine

Made a song for ya, tore my heart out
Take the photographs, cut me out
Keep my mouth shut, I keep my head down
3 words, I'm cursed, I'm alone now
Made a song for ya, tore my heart out
Neighbors called the cops on me, 'cause it's too loud
With my eyes shut, I still hear the sound
3 words, I'm cursed, I'm alone now

I can't make you want me
I loved you, I'm sorry
3 words, I'm cursed, I'm alone now
3 words, I'm cursed (I'm alone now)
I can't make you want me
I loved you, I'm sorry
3 words, I'm cursed, I'm alone now
3 words, I'm cursed

(Made a song for ya, tore my heart out)
(Take the photographs, cut me out)
(Keep my mouth shut, I keep my head down)
(3 words, I'm cursed, I'm alone now)
