

Sacrifice

Anything to be with you in the afterlife  
Poison on your lips, it feels like paradise  
Heaven is inside your arms and I could die  
Here with you tonight

Tell me, is this what you wanted  
You wanted from me?  
Your love is leaving me haunted  
You're haunting my head  
I fuckin' love you to death

Left you a space in my grave  
Promise forever with me  
Left you a space in my grave  
I fuckin' love you to death  
Left you a space in my grave

Tell me lies  
If you can't be mine, I'll feel paralyzed  
Deep inside my mind just like a parasite  
Hell is when you leave me here and I could die  
I need you tonight

Tell me, is this what you wanted  
You wanted from me?  
Your love is leaving me haunted  
You're haunting my head  
I fuckin' love you to death

Left you a space in my grave  
Promise forever with me  
Left you a space in my grave  
I fuckin' love you to death  
Left you a space in my grave  
Tell me, is this what you wanted  
You wanted from me?  
Your love is leaving me haunted  
You're haunting my head  
I fuckin' love you to death  
Left you a space in my grave
