

# MISERY

WesGhost

Tongue tied, your ecstasy  
What you expect from me?  
Fought when you're next to me  
I'm looking for the exits, I won't lie  
I'm a monster, waiting underneath your bed  
Do I want her or do I just want love instead?

Your lipstick tastes like misery  
I feel nothing when you're kissing me  
And it's all my fault  
I'll be better on my own  
Still can't get you out my mind  
I don't need you anymore  
One more drink and I'll be fine  
I'll be better off alone  
I might hurt you if I stay  
I think maybe you should go  
Nothing left for me to say

Watch you fall asleep, you repeat in my arms now  
Tell you that I need you, but it's all a lie  
Leave you in the morning, guess I'll see you when it's dark, yeah  
Say you dream about me, but you don't know why  
Don't wait for me to break you down  
I'll stay until the time runs out  
Hardly, but I just don't know how  
I just don't know how

Your lipstick tastes like misery  
I feel nothing when you're kissing me  
And it's all my fault  
I'll be better on my own  
Still can't get you out my mind  
I don't need you anymore  
One more drink and I'll be fine  
I'll be better off alone  
I might hurt you if I stay  
I think maybe you should go  
Nothing left for me to say

(Oh-oh-oh-oh-oh)  
(Oh-oh-oh-oh)  
(Oh-oh-oh-oh-oh)  
(Oh-oh-oh-oh)  
Nothing left for me to say  
(Oh-oh-oh-oh-oh)  
(Oh-oh-oh-oh)  
(Oh-oh-oh-oh-oh)  
(Oh-oh-oh-oh)  
I might hurt you if I stay  
Your lipstick tastes like misery  
I feel nothing when you're kissing me  
And it's all my fault  
And it's all my fault
