

SLEEPWALKING

WesGhost

Wake-wake

Wake me up when it's over
Just one more night in a lucid dream
Can't be the only loner
That need somebody when I fall asleep
Don't wait, up for me
If you leave, then I'll be
Sleepwalking
Sleepwalking
Sleepwalking
Just one more night in a lucid dream (I'm-I'm)

I'm unconscious around you
Only time I feel alive is when you're next to me
We're all looking at me like a see through
I can see it in your eyes that you're lost and lonely
Just like me
At least you got somebody you can call
When you're feeling small
I just wanna rest in peace
Buried in these lyrics in this song
I'm already too far gone

Wake me up when it's over
Just one more night in a lucid dream
Can't be the only loner
That need somebody when I fall asleep
Don't wait, up for me
If you leave, then I'll be
Sleepwalking
Sleepwalking
Sleepwalking
Just one more night in a lucid dream (Every)

Every night I'm sweating through these sheets
Feels like I'm drowning in the ocean
Yeah, might OD from the secrets I keep
What would you do when I feel so hopeless
Tattoos on my body just to feel a little pain
Put a liquor in a cup, just to pour it down a drain
Try to catch a couple Z's, but I'll probably lie awake
Fighting off the nightmares in my brain

Wake me up when it's over
Just one more night in a lucid dream
Can't be the only loner
That need somebody when I fall asleep
Don't wait, up for me
If you leave, then I'll be
Sleepwalking
Sleepwalking
Sleepwalking
Just one more night in a lucid dream
