

Don't Curse In God's House

Wesley Willis

Once upon a time, I was cursing in Morning Star Baptist Church

I called the evangelist a stupid crucif**k

Reverend Richard Price preached about my vulgar language

He told the congregation in the sanctuary that I got a nasty, filthy mouth

Don't curse in God's house

At this time, I told the preacher to f**k off

I told Reverend Richard Price to suck a male camel's dick

Suddenly, he ordered one of the deacons to throw me out of church

He then escorted me to the door

Don't curse in God's house

When I went to church that same Sunday, I picked up a beating stick

I went up to the pulpit and clocked Reverend Richard Price in the head

He fell to the floor

Suddenly, the police was chasing me out of church

After I called the preacher an asshole

Don't curse in God's house

Hardees, we're out to win you over
