

# Lifeline

Westlife

When I breaking you just know  
Without a word you always show  
That I'll never be alone  
Hold out your hand and take me home

You give me hope  
You give me love  
When nobody else could help  
And I could've given up  
You give your heart  
You give your soul  
When nobody else could see  
I had nowhere else left to go

When everything's dark  
You shine a light  
You are a lifeline that I'm gonna hold on tight  
Whatever it takes  
I hope you stay  
Being my lifeline, lifeline, lifeline  
Always

When the far is bound to hurt  
You always there to catch me first  
And you've seen me at my worst  
You give all that I deserve

When everything's dark  
You shine a light  
You are a lifeline that I'm gonna hold on tight  
Whatever it takes  
I hope you stay  
Being my lifeline, lifeline, lifeline  
Always

Every time I feel like drowning  
Every time I feel like shouting  
Every time I feel like drowning  
Every time I feel like shouting  
Every time I going under  
Into a lifeline

Yeah you are a lifeline  
When I'm gonna hold on tight  
Whatever it takes  
Say I hope you stay  
Being my lifeline, lifeline, lifeline  
Yeah you are a lifeline, lifeline, lifeline  
Always
