One Last Time

Westlife

Don't say anything more
I can tell by the way you're not looking at me
Staring at the floor
You could at least look me in my eyes and
Tell the truth this time
Classic you, running away from the problems
Instead of solving them

So don't leave me alone
It wasn't part of the plan
For you to lead me on, yeah
You told me we would be more than this

I feel my heart breaking again
I don't wanna just be your friend
I guess everything beautiful ends
Why can't you open your eyes
And see the tears in mine
Ooh, come on, say that you love me
One last time

Don't try to tell me you're sorry
I can tell by the way that you hold your body
You ain't so sure
You could at least say that you could try
To love me better
And you can do more than running away
From all of your problems

But now I feel alone
This wasn't part of my plan
For you to lead me on
You told me we would be more than this

I feel my heart breaking again
I don't wanna just be your friend
I guess everything beautiful ends
Why can't you open your eyes
And see the tears in mine
Ooh, come on, say that you love me
One last time

Oh, I feel my heart breaking again
I don't wanna just be your friend
I guess everything beautiful ends
Why can't you open your eyes
And see the tears in mine
Ooh, come on, say that you love me
One last time
