Westside Gunn

Ain't that the word on the street?

FLYGOD has the best shit

The grimiest of all time

He said my poetry is aging like fine wine

He shot the nigga in the chest seven times

Did him filthy, but that nigga was trippin'

Pray for rainy nights so we can catch the nigga slippin'

Plum poison he'll be sippin'

Destroy his life, complete the mission

Can only fuck him if he's a killer

Or the name of his favorite tape start with Hitler
