

Claiborne Kick

Westside Gunn

Raw is Flygod

Ayo

Ayo, Patek wrist, took the cracks out the pots, geometrics (Ah)
Bag the extras, lookin' like the richest ever in the pickup Tesla (Sk
rt)

Hundred shots to whoever (Brr), we want wars with the best (Brr)
Elephant trunks stuck to less (Ah), four hundred thousand on the neck
Knock off your head, fuck a vest (Boom, boom, boom, boom, boom), you
ever seen brains scattered? (Ah)

Right in front of mama love, that type of shit don't matter (Boom, bo
om, boom, boom, boom, boom, boom, boom, boom, boom)

Started gettin' better work, then the money came faster (Ah)

Had to sit down a bit, came home, back at it

Same fork was faithful, we catch a body, let the Ace pour (Brr, brr,
brr)

Hit the brick with a Claiborne kick, rock a Liz Claiborne, it ain't s
afe for 'em (Ah)

Mafia, what else?

227s

Block work

Stood tall on that murder rock, the threat is on the compound
Twenty-man tanks here, twenty four hour lockdown
Was wanted on the net by the detects, number one suspected
Callin' home collect, Auntie Nette the only one acceptin'
One count felony firearm, two counts of drug possession
Three counts of felonious assault without a murder weapon
On the west side with 'bout thirty blicks, got the most gun collectio
n

Plus a whole array of thirty clips, with a whole drum selection
Young and restless, all my youngins scandalous, don't need none prote
ction

Undercovers pressin', wanna know what's me and Gunn connection
Know the feds watchin', tryna catch us touchin' tons of metric
Whole camp solid, snatch us up, you won't get one confession
Hustlin' medication, takin' medicine for depression
Under investigation, never been the one to question
Plug on my level, seen the talent from the first impression
Russian cut my bezel, caesar salad with the Russian dressin'
Where we at?
