

## End how You start intro

Westside Gunn

For real, we always ready  
We stay ready so we ain't got to get ready  
You know what I'm sayin?  
For real, for real  
But you know, on this journey, you know  
I must bid you farewell  
And before we part, I gotta give it up to you like this, you know, yo  
u know  
You know there ain't no such thing as beginnings, you know  
It's only the ends that count, you know  
You end how you start, remember that, you know  
You know, so, you know  
Show me where you start, and then we can find the means that justify  
the ends that you arrived at, you see  
This is gon' be, this is a heavy game right here, man  
I hope you can receive this, you can only do 8 things in music anyway  
After 8, you just gotta, you know, take the L  
Reflect the beginning, you see  
You exist in between those two extremes simultaneously, you can't eve  
n help it, you know  
You know, so, you won't understand what the end stands on until you s  
ee it, 'cause it's a result  
It stands on accomplishments  
I have never seen nobody do nothing like this before  
Juxtaposition through sound  
This is amazing, here, you know  
You are what you have when you stop doing what you did to get what yo  
u got, that's what we know, you know  
Grown men play a chess game on an end game, you know  
Not to just be playing, 'cause you know we could be sitting up acting  
like we 'bout to finna start to do something all day  
And that's, that's, man, humans are judged by their outcomes  
The results determine the future  
Lowkey it ain't no such thing as the end  
The end is just a new start, you start how you finish  
So here goes a mystery  
Do, re, mi, fa, so, la, ti, do  
Ha, dough, nigga, dough  
Dough say it twice, twice  
Music is all about dough, but you know  
Seven heaven on one throne equals eight, you know  
Seven, one- huh, seven heavens in one throne equal eight  
I bid you farewell, the end is the result and the results are the evi  
dence of one's ability  
Ability has no end  
We're the start know-how  
We only know the nature of a thing when it gracefully bows out and al  
lows it's lessons to instruct the learned, okay?  
So, who can see forever on the clear day over here  
Ha ha ha ha ha ha ha  
Hey, and if I can't teach you nothing, I can't reach you, you know  
You know, you know

The revolution is water into wine, nigga, a tree to a house  
Results, and very rarely do you ever see in history revolutions reap  
the benefits for the revolutionaries, you heard?  
You in a renaissance, act like you know  
Peace and love, I hope you enjoyed
