Now when I see hamburger, it's just a reminder

Stuck up supermarkets just to pay my nigga's bail
You told me to lower my ambition
And be more like you, resort to ass kissin'
But I been puttin' Gucci on my seats
Since Iron Mike was out here fightin' with Mitch Green
Made love to your bitch, wore it out all day
Caught in the middle like the crunch in a Carvel cake
Baseball after dark, had them pitch all night
Made mils in the X like Virgil, Off-White
Twenty niggas in the pic, I'm the last one left
Nineteen hit the feds or they met their death

My mom's best friend's son took food out our mouth
Next day, he got a play from the house, what the fuck?
