Now, under this shit, we have the tag team champions
And it didn't take you long to do it
Well, uh, I like to think all of my work, uh, is a masterpiece, you know
Oh sure, of course
This is- this took a little time
Do you use oils?
I don't like to divulge what I, uh, use for my process
I was gonna say, if you did, you could just dip the brush in your hair
Oh
Alright, just, I'm sure you could just-
I'd like to put the kid Tony over here
Yeah, I'm sure, yeah, yeah
Anyway, this painting, this is, uh, my version, or how I feel, the world tag
team champions look
Okay, can we have a drum roll, please?
Very good, alright, are we all ready for the unveiling?
Is everybody ready?
Yeah
Is everybody psyched up for this or what?
Psyched up to the max
