

I tied a rope around my waist, I tend to get lost in your eyes
I took a breath, jumped off the cliff because you told me to

Is it love or suicide? Is it love or suicide?
Is it love or suicide? Is it love?

Put your mouth to mine, give me CPR
Call it triple nine, give me CPR

I try to run, head for the hills
If you're a ghost then oh my God, oh, can you give me the chills?
s?

Is it love or suicide? Is it love or suicide?
Is it love or suicide? Is it love?

Are you the one, my ride or die?
When I'm with you, I feel alive
Is it fun, is this a vibe?
Is it love?

Put your mouth to mine, give me CPR
Call it triple nine, give me CPR

Oh, I'm in love, and you're to blame
Yeah, I'm in love, and you're to blame
