

## Colours

Wet Wet Wet

Sometimes I'm so crazy  
Other times I'm just mad  
It's the trouble with the trouble in my mind  
But I'm just so tired now, running all these red lights  
And watching the sky goin' grey and white

I've been looking for the rainbow  
In the middle of the night

Take me to your station  
Hold me with your heart  
We can watch the storm now  
Paint away the dark  
Take me to your ocean  
Bathe me in your light  
'Cause only you can show me the colours in my life

Sometimes I wonder  
Will I ever get it right  
It can't rain forever in your life  
I can't wait now to see the green light  
Let all the shit pass me by

I can see a rainbow  
And I'm blinded by the night

Take me to your station  
Hold me with your heart  
We can watch the storm now  
Paint away the dark  
Take me to your ocean  
Bathe me in your light  
'Cause only you can show me the colours in my life

The kaleidoscope in front of my eyes  
I won't see it if I'm colour blind  
But I'm always gonna see it  
In your morning light

Take me to your station  
Hold me with your heart  
We can watch the storm now  
Paint away the dark  
Take me to your ocean  
Bathe me in your light  
'Cause only you can show me the colours in my life  
'Cause only you can show me the colours in my life
