

## Northern Town

Wet Wet Wet

When I was young I didn't know  
I didn't know what I was feeling  
Somewhere in my heart I found  
Luv in a northern town

We turned our faces to the sun  
We threw our stones into the river  
But they never made a sound  
Luv in a northern town

I know that you'll be waiting in shadows and the light  
And they say you always hurt the ones you luv  
I may not get to heaven but I'm trying to make it right  
With luv I found in a northern town

I was broken when you came  
I couldn't let my heart believe it  
I was caught up in the game  
But I had no mind to see it

I know that you'll be waiting in shadows and the light  
And they say you always hurt the ones you luv  
I may not get to heaven but I'm trying to make it right  
With luv I found in a northern town

Sometimes I go back to that place  
Sometimes I let my heart remember  
When we both had our arms around  
Luv in a northern town

I know that you'll be waiting in shadows and the light  
And they say you always hurt the ones you luv  
I may not get to heaven but I'm trying to make it right  
With luv I found in a northern town  
With luv I found in a northern town
