

Stay With Me Heartache

Wet Wet Wet

Here I am
I want you to know that I understand
What it is you're giving me

I've got it all brand new

Here we are
Put up a show of hands
But I've got the feeling that
They don't know what they're gonna do

We don't live there no more
We've got the room on the second floor
Oh, we don't live there no more

Stay with me heartache so I can keep it right
Another day with the heartache
You know I can't stand the night

Think about the people in the foreign lands
Think about the dirty money in my hands
Think I know the reason why it doesn't work out right
Think of all the needy with a helping hand
Think of all the greedy people in our land
Think they know the reason why it doesn't work out right

I don't live there no more
I've got the suite on the penthouse floor
Oh, I don't live there no more

Stay with me heartache so I can keep it right
Another day with the heartache
You know I can't stand the night
Stay with me heartache so I can keep it right
Another day with the heartache
You know I can't stand the night

I don't live there no more
I've got the suite on the penthouse floor
Oh, I don't live there no more

See my pride
Been looking for it once or twice
Lost my pride
I'm really gonna make it right

I don't live there no more
I've got no room on the penthouse floor
Oh, I don't live there no more

Stay with me heartache so I can keep it right
Another day with the heartache
You know I can't stand the night
Stay with me heartache so I can keep it right
Another day with the heartache
You know I can't stand the night
