

Larabar

Wet

The night you left, there was so much so unsaid
Now I hear that you couldn't get back, so you saw it like that,
oh yeah
When I was all alone, there was no looking back
But I'd pray that you want it so bad that you're gonna come back,
oh yeah

Uh huh uh huh

Come back to back to back, but it's over
I still see your face on the cover
I fall down, descend through the ladder
I surprise you when I said it's over
And it's over

When I was all alone, see your face on the wall
And now I hear that, it wasn't so bad and you wanna come back
Oh yeah

Uh huh uh huh

Come back to back to back, but it's over
I still see your face on the cover
I fall down descend through the ladder
I surprise you when I said it's over
And it's over

Now is it so surprising that the water's rising?
And the thought of living, now so unforgiving?

Cause every single time I try, you're on my mind

Come back to back to back, but it's over
I still see your face on the cover
I fall down descend through the ladder
I surprise you when I said it's over
And it's over

For the very first time
For the very first time
For the very first time
Step into the light for the very first time
For the very first time
