

# Shut My Eyes

Wet

Shut my eyes see red and blue flying  
Feel so empty but maybe I'm just tired

Shut my eyes see red and blue flying  
Feel so empty but maybe I'm just tired

This year something changed  
Now I'm afraid of everything

Knee-deep in someone else  
I need a higher ground  
Shut my eyes  
This time  
This time  
Shut my eyes  
See radio towers  
Used to wait for it  
Like it was ever ours

This year something changed  
Now I'm afraid of everything
