

Tryna fight, these demons got me fightin' with myself  
Wewantwraiths, Bentaygas, I can drive it by myself  
Gotta keep one on the waist, I love designer on my belt  
I ain't handlin' no handouts, I can handle it myself  
Now it's Amiri on my jeans  
Paint splatters on my leg matchin' my B23's  
See the police don't get cold feet 'cause they telling ya, "Freeze"  
Hottest Mali in the game, you're probably mentioning me, yeah  
She seen me eating, now she wanna be my best friend  
Take Hooyo Hajj before I take these hoes to West End  
Her body shape a eight, but overall she's 10/10  
She locked me off because I did things with her best friend  
I'm six foot two, I'm tryna fly before I'm six feet  
Fourteen-passenger, I'm tryna fly out six deep  
I write my shit all by myself and then I switch beats  
Swallowed my pride, she swallows kids, I told that bitch, "Leave"

She from the hood, she got Chanays, she probably twerked for it  
He got a watch and got a chain, he probably served for it  
Everyone you see around me had to work for it  
It's kinda sad when you can't flex 'cause you'd get murked for it  
I know some niggas in and out, they keep on goin' in  
I chose a route, made Hooyo proud, my money flowin' in  
My baby bro try to be like me, I'm tryna hold it in  
This the environment I don't wan' see him growin' in

Young fly Mali and I stay gettin' fly  
I came late into the game and I'm ahead of my time  
I couldn't even get a Q, I had to wait in the line  
I kept it patient, at times I couldn't wait to get by  
Had to grow wings, I'm tryna fly, I need to make moves  
These niggas too fake, I ain't talkin' 'bout no fake tooth  
I do this one take, I'll feel greedy if I take two  
This what it takes to make it out, you have to stay true  
Paintin' my pictures in my mind, they couldn't frame me  
You tried to blame me, said my name, they can't detain me  
Insufficient evidence, they can't contain me  
I never knew you'd be a rat when they said, "Say cheese"

She from the hood, she got Chanays, she probably twerked for it

I pray that time flies  
Used to never having shit, we had to grind twice  
I wear my Diors in a eight, Chanay's are size nines  
Plus the streets too treacherous, I'm praying five times  
My heart really turnin' black, I'm tellin' white lies  
We was sitting on the steps like it was time out  
Four pipes hanging out the backend, we make pipes growl  
High performance in the engine make the right sound  
VVS's look like daylight on a night out

She from the hood, she got Chanays, she probably twerked for it
