Girl, you different and you look better in Dior  
You see the difference when she walkin' in and out the store  
And I try go the distance, but are you ready for yours?  
Baby, why you resistin'? I know what's going through your thoughts  
Baby, don't trip, why you askin' me who I roll with?  
You know we winnin', whip them foreigns like they were stolen  
Girl, you so drippy, you have me deaf at the moment  
You know we litty as gold and not even frozen

They just ain't the same and they can't sign me to no label  
Got me, I got you, I can never be ungrateful  
I let 'em eat, they weren't lettin' me on the table  
Love from the streets, I can never be unfaithful  
They wanna stop me, I gotta go  
Be with some niggas that actually hope that I make it  
'Cause most of my city is fulla hope  
I started rappin', all a sudden I'm most hated  
Double-R prints on the seats like we own spaceships  
I'm on the strip, I can't be rollin' around naked  
They started hatin' now they thinkin' a nigga made it  
How have I made it, I got niggas doin' up basic  
Put my trust in God and then it's gone  
'Cause love will have you fucked and leave you slumped on the pavement  
I ain't got no time for your love  
'Cause I put my hand out and niggas still never gave shit

You know we know the streets will never love ya  
We know you know this thuggin' it gon' cost ya  
Stay with me, I told you stay the same  
I seen the changes, but who am I to say I'm just the same

All this money around me got me feelin' like that I made it  
Don't need no offers, we already whippin' the spaceship  
Hotty don't like it 'cause I ain't showin' her no payslip  
So if you're talkin' money, I don't mind makin' arrangements  
I don't even want any awards  
In my hood wewantwraiths already the most rated  
Grindin' through the summer and the snow  
Dark cloud over me, I don't even mind when it's rainin'

You know we know the streets will never love ya  
We know you know this thuggin' it gon' cost ya  
Stay with me, I told you stay the same
