

Ego

wewantwraiths

Everybody got a ego
God put me on this earth to be a hero
More wins, it feels better when you've been low
If it's only 'bout the money grab a kilo
Baby girl this deeper than the ocean like the sea floor
I can't go out knowing I just could've been more
Or I just could've seen more
Hold it down to keep you up just like a seesaw
Would you follow my directions on this detour

What you mean I ain't the same ?
The money in my pocket and the frequency has changed
The people 'round me changed, I took my feelings off the plate
The ones to see you down could even be one of your mates
I hate when people call me wraiths

You're a snake won't let you in
Niggas camouflage I seen you shedding of some skin
You know I had it hard but you don't wanna let me win
Slam dunking these bitches I'm still hanging off the rim
I won't love on any bitch

My bros said they're forever rolling
We don't need a viral moment
Tryna find my way I'm nowhere
Got way too much pride I know it
I pray god destroy my ego
I don't wanna be a hero
I'm just tryna make it legal
It feels like I'm going nowhere

Asked me for a hand, I gave my arm, you tore my limb
Got done dirty in the past, the cleanest hearts will always win
You with the sharks, but you don't know how to swim
Gotta keep a spin on me, in case they wanna spin

Everybody got a ego
God put me on this earth to be a hero
More wins, it feels better when you've been low
If it's only 'bout the money grab a kilo
Baby girl this deeper than the ocean like the sea floor
I can't go out knowing I just could've been more
Or I just could've seen more
Hold it down to keep you up just like a seesaw
Would you follow my directions on this detour

Everyone's got ego
Everyone's got waps but their points are zero
This drill goes wrong I'll be back on free flow
I parked off 2 whips stuffed with 3 poles

Get the drop rise up spin the car till the wheels break
I don't show love if the love shown feels fake
And I don't want hugs but I told her that we're still mates
Cah I just need a break tryna get rich like Bill Gates

Show me that your loyal b, I'll treat you like royalty

Buy you all them roses, hold onto these pokers
Life's like a movie, I was young stabbing olders up
That bitch don't like me, cos I stabbed her older cousin up

If I'm not running up I'm driving by
Who's got waps for sale? Something that my A team likes to buy
I heard you like Dubai? And so do I
But these cases on my back, they won't let my fly

Everybody got a ego
God put me on this earth to be a hero
More wins, it feels better when you've been low
If it's only 'bout the money grab a kilo
Baby girl this deeper than the ocean like the sea floor
I can't go out knowing I just could've been more
Or I just could've seen more
Hold it down to keep you up just like a seesaw
Would you follow my directions on this detour
