Blacked out you don't wanna see the glock spit  
I was cool until the day I lost it  
Span it and shot him that 12 gauge rocked him  
Booter and Wraiths watch the crowd moshpit

Ringalingaling that's the money calling  
We gon buy the bin and send out 20 by the morning  
Welcome to my strip we all getting money  
Glizzy got a switch turn a gorilla to a monkey

Flying through the ends cutting through with my Asian ting

I got managers in meetings shaking hands  
While I'm breaking packs down exchanging grands

Everybody hates on the kid (Why's that?)  
'Cos it's me that taped off their strip  
They just pissed off, why? 'Cos I'm young and I'm bossy

30 stacks a week there's 36 in side this reup  
And I did it with my feet up  
Broski grabbed the broom he does his job he gotta clean up  
Yeah I gotta call the cleaner

She thought she finessed, but I was letting her take from me  
Left her arse to dry her pussy wet, told her wait for me  
Counting all this money, like this shit wasn't made for me  
Never been a doctor but I did this shit patiently

My heart cold it's freezing  
Wondering when you'll believe me  
Stick got a mouthful with teeth in

Keep your mouth closed if you're eating
