Before I met Wraiths, I wanted a Rolls Royce
We had to light his mums up he left me with no choice
He drew me out so it's not my fault I got dragged in it
Can't be chilling round my opps, you'll get slapped for it

I ain't tryna lack or go out wrong for no bitch
New waps gang still pulling back old sticks
Two waps on us cocked back in the focus
Better run or duck if you see me dressed like I'm homeless

New drip, still stepping out looking clean
New corn, does it fit inside the glee?
I shoot guys it's only right there nice to me
Blood splatters on the scene is what I like to see

One minute you can't hear the phone ringing?
With my two hitters and ones got the pole with him yeah yeah
Three the killers that ain't got no hope in 'em
The fours fitted bro slime you like cold spinach yeah yeah

Five bitches, let's bring out the hoe in 'em
The eye witness got left with a hole in him yeah yeah
Six sweets, better make sure you don't miss him
Seven years but he ain't getting no visits yeah yeah

Sold the spinner four bags and bought a dots with it
Same mash I showed ... his dad got shot with it
I love my new gun, I even walk to the shop with it
Sleep with it, I ain't tryna lack with no teeth in it

Get the drop roll up I'll cause a mess quick
My new sticks a bitch always causing me domestics
I ain't tryna leave her outside or try stash it
There's gang unit lurking tryna find all my mashes

I'm the first in my batch to start pulling back waps
I set them levels from young leaning out whips with straps
He got slapped, he got slapped and they ain't done nothing back
Before we wanted any wraiths we was hoppin' out of cabs and that's facts

One minute you can't hear the phone ringing?
With my two hitters and ones got the pole with him yeah yeah
Three the killers that ain't got no hope in 'em
The fours fitted bro slime you like cold spinach yeah yeah

Five bitches, let's bring out the hoe in 'em
The eye witness got left with a hole in him yeah yeah
Six sweets, better make sure you don't miss him
Seven years but he ain't getting no visits yeah yeah
