

## Arrows

### What So Not

I'd fall for you (for you for you)  
But I'd call for you (call for you)  
Walk through walls for you (for you for you)  
It's not all I do, it's not all for you  
And arrows aimed at you  
Erase my name for you  
(For you for you)  
In tangled chains for you  
Nothing left to lose
