

Fever

What So Not

I can feel a fever burning through my blood
So irrational, something I can't touch
You can save me from it, you can turn the tide
Rushing through my veins now, fever in my mind

You feel it runnin' through your veins, huh
Feel it runnin' through your veins
You feel it runnin', runnin'
Feel it runnin' through your veins, huh

I can feel a fever burning through my blood
So irrational, something I can't touch
You can save me from it, you can turn the tide
Rushing through my veins now, fever in my mind

You feel it runnin' through your veins, huh
Feel it runnin' through your veins
You feel it runnin', runnin'
Feel it runnin' through your veins, huh
