

Are you sleeping?  
Is that how you really feel?  
When I do that  
Is that all you really need?  
When I say that  
Will you come home?  
When I do that  
Will you come home?

Will you come, will you come  
Will you come, will you come home?

Are you sleeping?  
Is that how you really feel?  
When I do that  
Is that all you really need?  
When I say that  
Will you come home?  
When I do that  
Will you come home?

Will you come, will you come  
Will you come, will you come home?

Are you sleeping?  
Is that how you really feel?  
When I do that  
Is that all you really need?  
When I say that  
Will you come home?  
When I do that  
Will you come home?
